

How Are We Doing?

The ARCC at ICF has provided technical assistance to State Education Agencies (SEAs) in Kentucky, Tennessee, Virginia, and West Virginia since 2012.

According to our clients,

ARCC staff are "systems whisperers" that help SEAs think about how to strengthen education systems.

ARCC staff's "best qualities include their ability to listen to our concerns, ask clarifying questions, and synthesize all of the above!"

100% report that ARCC services are relevant to education policy and practice in their states.

92% rate ARCC's services as high quality and useful.

About 90% of clients report improved capacity in the following areas:

91% of clients are now better prepared to help local districts make improvements to their education systems.
